CAVE SYNAGOGUE

Jerusalem, Israel

The Cave Synagogue is a new shul that was inaugurated in the Western Wall tunnels. The magnificent synagogue is the result of 12 years of structural support, construction, and archeology work, in which activities were carried out in order to maintain and preserve the impressive cavern in which it is located in the tunnels. The synagogue is located opposite the 'Great Stone' in the Western Wall tunnels, near the site of the Holy of Holies.
